Virtual Lifetime Electronic Record

On 1 February 2012, the Executive Director (ED) Virtual Lifetime Electronic Record (VLER) will present a recommended course of action (COA) to the Joint VA/DoD Task Force on Veterans Employment, Executive Steering Council (ESC). The ED VLER is co-chair with the Director of Enterprise Services, Office of the Secretary of Defense (OSD), Personnel and Readiness (P&R), of the IT Sub Working Group (IT SWG) tasked with identifying a single web portal for Veteran employment and transition services. The COA will recommend the top candidate programs from across the DoD, VA, DOL, and partner agencies that provide Veterans and Service Members the following three capabilities: Military Specialty Skills Translator, Job Bank, and Resume Builder. These three services have been selected as the most critical to Veterans and Service Members transitioning to the civilian marketplace. Integrating these services into the eBenefits portal is the first phase in improving Veterans' and Service Members' access to employment and transition services.
