

On behalf of Mr. Joe Paiva, Executive Director, VLER EPMO, the following information is provided as input to the weekly Cabinet Report:

7-11 May 2012

Virtual Lifetime Electronic Record

On May 7, 2012, the Virtual Lifetime Electronic Record (VLER) Capability Area 2 (VCA 2) Rapid Acceleration Integrated Project Team (RA-IPT) will present viable courses of action for short- and medium-term Case File Transfer capabilities for Integrated Disability Evaluation System (IDES). This IPT, which includes representatives from the Department of Veterans Affairs (VA) and the Department of Defense (DoD), has performed research and analysis to identify opportunities to improve claims processing in the IDES by providing an electronic content management solution for the sharing of Service member case file data by July 2012. The OIPT will submit their recommendations for review and consideration by the VA and DoD Secretaries at their May 21 meeting.

Pre-Decisional
