

User Story Number: US010.02

User Story Name: Store Exam Result Status from CAPRI

Priority: High

ClearQuest Number: DAS_CR262

Author: Ron Meade/Analyst

Story: As a VHA Compensation and Pension (C&P) examiner using Compensation and Pension Record Interchange (CAPRI), I want Virtual Lifetime Electronic Record (VLER) Data Access Services (DAS) to initially store the exam result as 'Completed' in the Health Data Repository (HDR) so that the disability claims adjudication process can advance.

Revision History

Date	Version	Description	Author
08/27/2012	v0.01	Original	Ron Meade
09/13/2012	v0.03	Peer review	Ron Meade
09/17/2012	v0.04	Updates with Analyst Team from DBQ meeting	Ron Meade
09/17/2012	v0.05	Tech Writer Review	Ron Meade
09/27/2012	v0.06	DAS PM Review	Stephen Pelchar, Ken Brunetto
09/27/2012	v0.07	Final Technical Writer Review	Nancy Burak
10/18/2012	v1.0	Formal Review – Approved	Joshua Lawton- Belous
12/07/2012	v2.0	Changed the user story number. We placed it underneath a new epic story (ES010). No approval is needed because this is just a clerical change.	Jeremy Brown

Background

As a CAPRI service user I want stored exam results to be accessible by interested parties, as part of the disability claims adjudication process. Required review for exam results will occur prior to submission to DAS/HDR. Table 1 shows that the status of an exam result when it is initially stored depends on the originator and the originating system.

Table 1: Status of Exams

Originator	Originating System	Initial Status
VHA Provider	CAPRI	Completed
VBA – Contracted Provider	Proprietary System	Completed
Treating (VHA or Private) Clinician	DBQ Forms Service	Completed
VHA – Contracted Provider	Proprietary System	Pending-Under Review

CAPRI is highlighted in bold text in order to indicate that this user story only addresses that originating system. The other rows in the table show the full range of initial status values for comparison purposes only.

Conversation

1. VLER DAS receives an exam result from a VHA C&P examiner using CAPRI with a status value of 'Completed'.
2. VLER DAS sends the exam result, including the 'Completed' status value, to the HDR for storage.

Detailed Listing of Acceptance Criteria

Requirement ID	Description
US004.17.01	VLER DAS receives an exam result from CAPRI with a status value of 'Completed', and sends the exam result to the HDR for storage.

Assumption

CAPRI contains the business rules necessary to determine the status of an exam result. CAPRI applies these business rules to the originator (VHA Provider) and submits the exam result with the appropriate status.

Constraints

None at present.
