

User Story: US0010.04 Store Exam Result Status with status of 'Pending-Under Review' from VHA-Contracted Provider v1.0

User Story Number: US0010.04

User Story Name: Store Exam Result with status of 'Pending-Under Review' from VHA-Contracted Provider

Priority: High

ClearQuest Number: DAS_CR332

Author/Owner: Eniola Alabi

Function Points: (obtain from Function Point Group)

Story Points: (obtain from architects and developers)

Story: As a Veterans Health Administration (VHA) Contracted Provider, I want Virtual Lifetime Electronic Record (VLER) Data Access Services (DAS) to pass exam results, with a 'Pending-Under Review' initial status to Clinical Data Service (CDS) for storage in Health Data Repository (HDR), so that the disability claims adjudication process can advance.

Revision History

Date	Version	Description	Author
11/21/2012	v0.1	Initial Draft	Eniola Alabi
11/26/2012	v0.2	Analyst Review	Eniola Alabi
11/29/2012	v0.3	Business Review Completed	Eniola Alabi
12/07/2012	v0.4	Renumbered User Story	Eniola Alabi
12/10/2012	v0.5	Peer and Testability Review	Eniola Alabi
12/13/2012	v0.6	Technical Writer Review	Dan Zaudtke
12/20/2012	v0.7	DAS PM Review	Karrie Stapleton/Ken Brunetto
1/3/2013	v1.0	Formal Review – Approved	William Jackson

Background

Interested parties must be able to access a stored exam result as part of the disability claims adjudication process. Some exam results require review as the next step in the process, and some are considered completed when they are submitted. Exams submitted by VHA-Contracted Providers should be in 'Pending-Under Review' status. These exams are submitted from outside the VA firewall. VHA users will then have the capability to access the exams on HDR and the ability to change the status from 'Pending-Under Review' to 'Completed' or 'Rejected'. The possible status values are:

- Pending–Under Review: Requires Veterans Health Administration (VHA) review prior to VBA use
- Completed: Ready for Veterans Benefits Administration (VBA) to use

- Rejected: Submission is insufficient; possibly needs further clarifications.

Table 1: Status of Exams shows the sources, or originators, of exam results and their initial required status. Exam results are stored with an initial status, depending on the originating source.

Table 1: Status of Exams

Originator	Originating System	Initial Status
VHA C&P Provider	Compensation and Pension Record Interchange (CAPRI)	Completed
VBA – Contracted Provider	Proprietary System	Completed
Treating (VHA or Private) Clinician	DBQ Forms Service	Completed
VHA C&P Provider	DBQ Forms Service	Completed
VHA – Contracted Provider	Proprietary System	Pending-Under Review

Figure 1: C&P Exam Review Flow and Status Assignment illustrates the process for creating and reviewing exam results. Exam results created by a VHA provider using CAPRI, a VBA contracted provider using a proprietary system, or a VHA or private treating clinician using the Disability Benefits Questionnaire (DBQ) Forms Service have a 'Completed' status when the provider or clinician submits them. Exam results created by VHA contracted providers using a proprietary system have a 'Pending-Under Review' status when submitted. A VHA provider may be able to review an exam result with a 'Pending-Under Review' status and change its status to either 'Completed' or 'Rejected'. 'Completed' and 'Rejected' are final statuses.

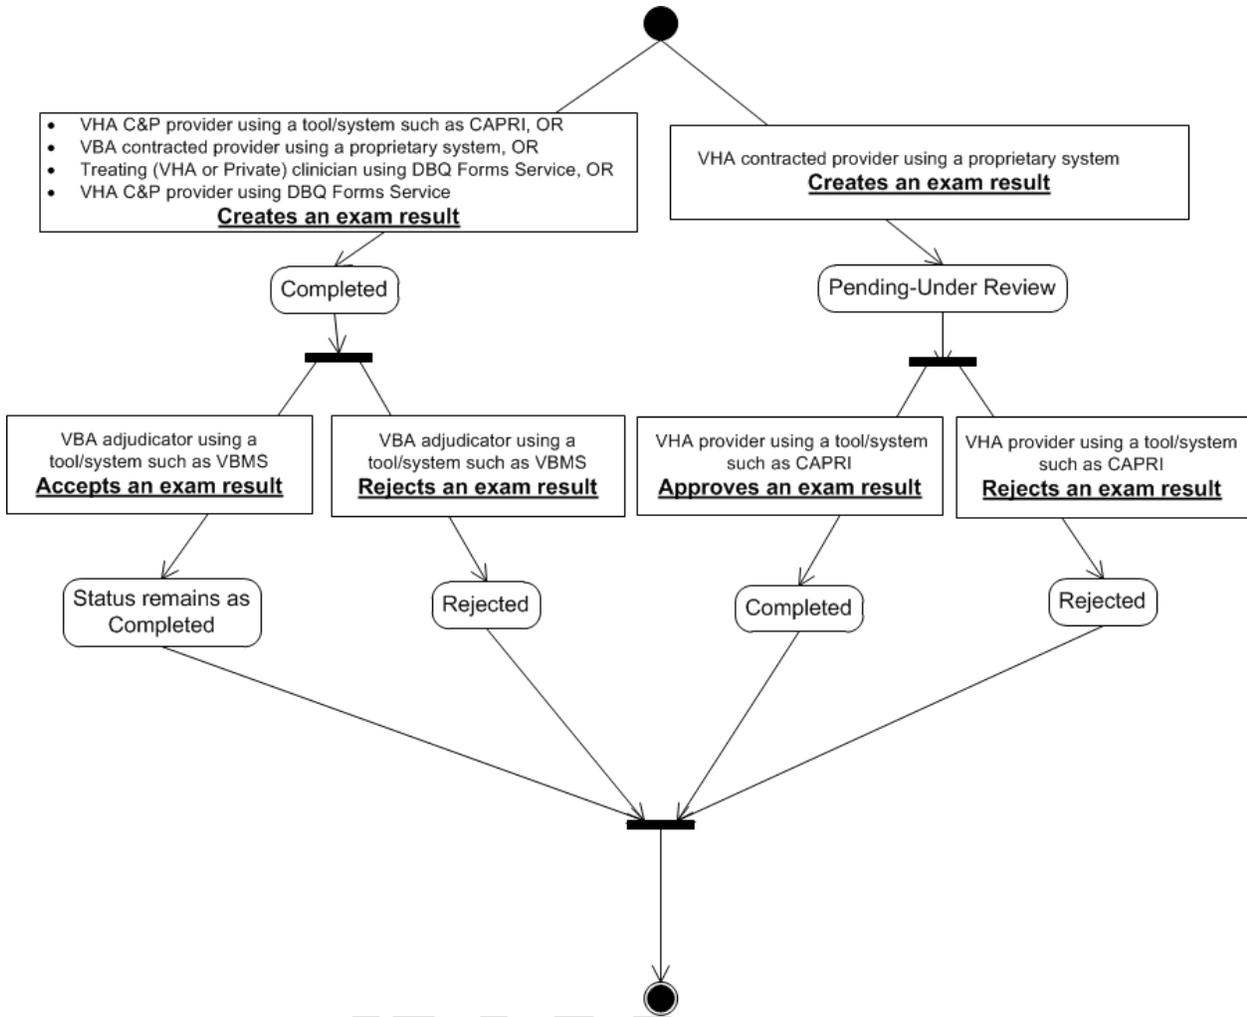

Figure 1: C&P Exam Review Flow and Status Assignment

Conversation:

1. VLER DAS receives an exam result from the VHA-Contracted Provider with an initial status value of 'Pending-Under Review'.
2. VLER DAS sends the exam result, including the status value, to the CDS for storage in the HDR.

Detailed Listing of Acceptance Criteria:

Requirement ID	Description
US0010.04.01	VLER DAS receives an exam result from VHA-Contracted Provider with a status value of 'Pending-Under Review', and sends the exam result to HDR for storage.

US0010.04.02	VLER DAS sends the producer a confirmation that the exam result is successfully stored in HDR.
--------------	--

Assumption

1. The producing application is responsible for applying any business rules that determine the appropriate status value for an exam result.
2. The producing application is responsible for applying appropriate data formatting for VLER DAS processing.

Constraints:

None at present.
