> *IRBNet provides the research community with an unmatched set of secure, web-based collaboration tools to support the design, management, review and oversight of research involving human subjects, animal models, recombinant DNA, and more.*

As a Researcher, Research Manager, or Research Coordinator, you should know how to log into IRBNet and then:

- Manage Projects from your My Projects page

- Create Your First Electronic Project

- Design and Assemble Your First Project Submission

- Share with Your Research Team

- Send Project Mail to Research Team Members

- Sign Your Project Package

- Submit Your Project Package to WIRB for Review

- Access Review Decisions and Board Documentation

[137618-1] Motivations of Research Subjects: A Mixed Methods Study

Specify the access that you wish to grant to each user at **Metropolitan University**. You should grant each user only the minimum level of access necessary to perform their work on this project.

- **Signature Only (Read):** Users whose only role is to sign off on project documentation should be granted "Read" access. Users with Read access can view project documentation, communicate with the project team and add their signature. This would typically include advisors, department heads, and other individuals who are required to sign off on the project documentation prior to submission but do not otherwise have a day-to-day role on the project.

- **Read:** Users that are granted "Read" access can view project documentation, collaborate with other users and add their signature, but may not edit project documents or perform any other administrative functions.

- **Write:** Users that are granted "Write" access can view and edit project documents, collaborate with other users and add their signature, but may not grant access to other users, submit packages for review or perform any other administrative functions.

- **Full:** Users that are granted "Full" access can perform all functions without restriction. This includes editing project documents, sharing the project with other users, submitting document packages for review and deleting document packages. Only Project Owners with day-to-day responsibility for the project should be granted Full access. Users with Full access will receive automatic email copies of all project notifications and alerts that are sent to the Project Owners.

Search for a User: chan   Search

IRBNet User	Permission Access
Chandry, Francis	○ Full ○ Write ⦿ Read ○ No Access

One User found.

Each user will be automatically notified that they have been granted access to this project. You may also specify additional comments to be included in this notification:

Your Comments

Save   Cancel

✓ Grant only the level of access required for each collaborator.

Communicate with your Project Team

Use the Send Project Mail tool to quickly communicate with your team.

Sign your project package

Electronic signatures become a permanent part of your electronic audit trail.

✓ Choose your project role from the drop down menu.

✓ Sign according to your institution's requirements.

✓ Anyone shared with access to the project may sign a study.

14

Submit your project's package to WIRB for review

You may submit your project's package to one or more boards for review.

Submit to WIRB

The system enables you to send a message to WIRB Client Services and indicate the submission type.

Submit Package

[137618-1] Motivations of Research Subjects: A Mixed Methods Study

The following users at **Western Institutional Review Board (WIRB)** will be automatically notified of your submission:

WIRB Client Services

Submission Type: *   New Project

You may also specify additional comments to be included in this notification.

Your Comments: Thank you for your help!

Submit   Cancel

✓ Send any needed comments to WIRB Client Services.

Note: The package will be locked upon submission.

Managing unlocked packages

If revisions are needed before your submission is reviewed, your coordinator *may* unlock the package for you to revise. Unlocked projects can easily be managed from the My Projects page.

✓ Open your project by clicking the Project Title.

✓ Indicates WIRB has "unlocked" the package for further revisions.

Make necessary revisions

IRBNet

While the package is "unlocked," from the Designer page you may add or revise documents, before you 'Mark Revisions Complete'.
