## **Description-**

This updated reminder dialog template will be used to address identified needs of the National Veterans Golden Age Games and capture medical data to clear Veterans to participate in the Games at the time of screening.

- The annual National Veterans Golden Age Games (NVGAG) provides Veterans opportunities to engage in rehabilitative sport and recreation opportunities. It serves Veterans ages 55 years and older who are enrolled in the VA Health Care System.
- Participants learn to use the therapeutic value of sports, fitness and recreation through an active, healthy lifestyle by competing in sporting competitions for example air rifle, horseshoes, pickleball, track and field.
- By participating in NVGAG, Veterans reach their full potential, improve their independence, achieve a healthier lifestyle and enjoy a higher quality of life.
- This reminder template allows the VA provider to electronically capture medical data to determine participation in the National Veterans Golden Age Games.
- This will facilitate communication to health care providers at the Host Site Facility to ensure continuity of care while participation in the National Veterans Golden Age Games away from the Veteran's primary site of care.

The template has been updated for 2024 and the updates should make it easier for providers to complete.

The version number is now 3.1

Health factors were added.

## **Post Installation**

1. **Update dialog text to replace DATA OBJECTS** (if needed), this reminder dialog contains elements that have data objects for ACTIVE MEDICATIONS and ACTIVE PROBLEM list entries. If your site does not have an object with those names, you can edit the element and replace the object in the dialog text with your local object.

Using the menu Reminder Dialog Management, Reminder Dialogs, change your view to Element. Search for and edit the following elements:

**VAL-ATHLETES MEDICAL INFO PROBLEM LIST** replace the object for problem list with your local object in the alternate progress note text

**VAL ATHLETES MEDICAL INFORMATION MEDICATIONS** replace object with your local object for active medications in the dialog text

2. Open the note titled NATIONAL VETERANS GOLDEN AGE GAMES MEDICAL CLEARANCE FORM and confirm the version that displays is 3.1.
