Introduction

The purpose of the **VA National Oncology Research Consent** note is to document and acknowledge the informed consent process for the subject's participation in oncology research through the Clinical Cancer Research Service. This note demonstrates compliance with ethical and regulatory standards governing human subjects' research by documenting that the patient voluntarily and knowingly consented to participate in the specific oncology research study. It also facilitates communication among healthcare providers involved in the patient's care by offering a consolidated overview of the patient's agreement to participate in the study.

The purpose of the **VA National Oncology Research Participant** note is to document comprehensive and accurate information that could impact the <u>medical</u> care of a subject involved in clinical research through the Clinical Cancer Research Service. This note provides a platform for healthcare providers who may be caring for the patient to monitor the patient's progress, adverse events, and responses to treatments ensuring comprehensive and coordinated care

The program serves patients across the nation. These notes will provide a standardized way for DCT staff to document consent and updates about research participants. This will eliminate the need for staff to draft notes in MS Word and copy/paste into a blank template in the CPRS record of the patient (less chance of errors and copying the wrong note to the wrong patient).

Representative User(s): Clinical Cancer Research Services (CCRS) Decentralized Clinical Trial (DCT) research coordinators/research nurse coordinators.

3. Setup of Note Titles.

The note titles to create to associate with these dialogs are below. They must match the titles below as the only users will be from the national oncology team. The team must be able to local the titles.

NATIONAL ONCOLOGY RESEARCH CONSENT NOTE NATIONAL ONCOLOGY RESEARCH PARTICIPANT NOTE

VHA Enterprise Standard Title for all note titles above: RESEARCH NOTE

Note: Comprehensive information on Creating new Document Classes and Titles can be found beginning on page 47 of the TIU/ASU Implementation Guide at the following link: <u>http://www.va.gov/vdl/documents/Clinical/CPRS-Text_Integration_Utility_(TIU)/tiuim.pdf</u>

4. Associate the reminder dialogs with the note title in CPRS

a) Type in the following information:
 Name: NATIONAL ONCOLOGY RESEARCH CONSENT NOTE
 Template Type: Reminder Dialog
 Reminder Dialog: VA-ONCOLOGY RESEARCH CONSENT

Next, type in the Associated Title, which in this case is **NATIONAL ONCOLOGY RESEARCH CONSENT NOTE** and select Apply.
